PROJECTS

NEUROLY - A HEALTH-CARE WEBSITE

Technology - DJANGO | SQLITE DB

- It is an online portal where a patient can book appointments, view his prescriptions, etc.
- A doctor can link with various hospitals, manage his appointments, upload digital prescriptions, etc.

BHIMINTEGERS - A C++ LIBRARY FOR BIGINTEGERS.

- We can handle big integers and we can perform arithmetic operations like addition, multiplication, subtraction, division, equality check, etc. Also, there are several functions inbuilt functions like factorial, reverse, palindrome check, etc.

TEA STORE -> E-COMMERCE WEBSITE

Technology - MERN STACK

- An online tea-store built using React in Frontend, express and node JS in the backend, and Mongo DB as a database.
